

Collection no. 133

SE. N.S.W.,

K.H.L. Key  
27. iii. - 2. iv. 1966

E. Vic.

27/3.

4368 Nimmitabel - took Beega road.

379. Pauciflora to 50 ft with <sup>dense</sup> serrated  
*Kosciuszkoella cognata*  
tussock & *Acacia*. (Summit of Brown  
Mt. 4130 ft.)

<sup>457.</sup>  
29/3 Merimbula - took Pambula road.

459. Salt swamp with one *Salicornia* sp.  
*Schizobothrus flavovittatus*  
to 8 in. & another shrubby one to 18 in.  
(no other plants for most part),  
scattered mangrove to 2 ft., along aerodrome.

*Schizobothrus* abundant, could only be  
feeding on *Salicornia*; possibly also  
stridulating.

30/3

4611. Orboot - westward on Prince's Highway.  
614 = 616. Newmerella.

617. Botryoides (?) & other bees to 60 ft, with  
*Paralittix argillaceus* *Poednura*  
understory of microphyllous shrubs to 2 ft  
*pedestris* (j.)  
& grasses, especially where cleared for  
railway.

626 = 637 camp. Wombat Creek.

3/3.

640. *E. scabra*, *obliqua*, *siberiana* to 100 ft.,  
*Casuarina* sp. to 30 ft.  
with fairly dense heathy shrubs to 3 ft.  
*Prasichulus*<sup>ulmaris</sup>, *Cryptobothrus* sp., *Pseudonera pedicellata* (G.)  
+ some *Themeda australis* + *Poa* to  
9 in. Gently undulating.

649. Nowa Nowa

654. *E. siberiana* + *scabra* to 80 ft. with  
*Rhitzala modesta*, *Goniacia opomaloides*, *Pseudonera* sp.,  
dense bracken + miscellaneous shrubs  
*Cryptostyles rufica* (G.), *Percassa rugifrons*  
to 3 ft on undulating country.

661. *E. scabra*, *polyanthemus* (?) + a box  
*Goniacia australasica*, *G. opomaloides*, *Rhitzala*  
resembling *meliodora* to 50 ft. with  
*modesta* to 3 ft (mostly less)  
understory of low shrubs + some grass,  
on undulating country. Shrubs include  
*Cassinia* sp., some *Epacridaceae* + a  
*Scavola* (?)

663. Lakes Entrance. Searched shrubs on  
consolidated dune across a lagoon:  
no *viatica*: saw only *Phaul. vittatum*

666. depart Lakes Entrance

668. ~~Turn off to~~ Kalimna.

670. Turn-off to Nungurmes.

677. Nungurmes

683. Mekung

690 Swan Reach

704. Bairnsdale

NB. All the country from Lakes Entrance is savannah woodlands without substantial shrub layer (+ that mainly Cassinia to 4-5ft.), + is now almost entirely cleared + laid down to improved pasture for cattle or sheep. There is no evidence of suitable viatica

habitats.

705. Bairnsdale depart

716 Painesville - country same as above.

728  
1/4 Bairnsdale depart.

732. Turned off to Bergworden

744. Bergworden?

*Heteropternis obscurella, Calidra captiva, Ecamma*  
747. Sandy rise with stunted *uminalis*  
*inclidens, Moraba usatica, Phaulacendium*  
& *bridgesiana* (?) to 30 ft (mainly less),  
*vittatum, Cirphula pyrochroensis (i), Macrotana australis,*  
*Casuarina* sp. to 20 ft, scattered microphyllous  
*Paratettix argillaceus Paednura pedestris (i)*

shrubs, including *Leptospermum* spp. *Hakea* sp. to 3ft, mainly less, the former in fairly dense patches to 9in, with *Themeda australis*, *Lomandra*, & bracken to 1ft.

*Vicia* mainly on <sup>low</sup> *Leptospermum*: abundant. (On left of road from Melbourne, ca.  $\frac{1}{2}$  mile beyond a small bridge over swampy creek)

749. ~~Meerlieu~~. Road intersection. Signpost indicating "Bengworden 3, Shafford 18, Hollands Landing 7".

750. Meerlieu. Multiple cross road. Took road to Bairnsdale. Michael should take road marked "Holland's Landing".

753. Sandy rise cleared from *Casuarina* sp. <sup>*Phalaris* ~~*Mingai*~~ *invaria*, *Macrotana australis*</sup> & less. *Leptospermum* sp. to 5ft., bracken to 2ft.

759. Jones Prices Highway.

772. Bairnsdale. Took Onles road (via Cassilis)

846. Summit Great Dividing Range, 2470 ft.

850 Grassland of *Themeda australis* <sup>patches</sup> & h

*Phaulacridium vittatum*, *Austrocytes vulgaris*, *A. pusilla*,  
*Helichrysum apiculatum* in hilly country,  
*Keyaeria scurra*  
pale brown soil.

852. Onco cemetery. Cleared from *rubida*  
*Phaulacridium vittatum*, *Gastrostegia muscosa*,  
savannah woodlands. *Themeda*, *Helichrysum*  
*Keyaeria scurra*  
*apiculatum*, a little *H. senipapposum*.

852.8 Onco

2/4.

853. Onco depart.

856 Tallangatta - Corryong fork.

872 Angler's Rest.

885 Glen Willo

895 Christmas Creek. 4550 ft.

924. Mitta Mitta

965 Tallangatta. Returned on Corryong road.

968 Fork off to left on Corryong road.

970 = 971

972 Tallangatta Cemetery. Cleared from

*Proscopium duplex*  
*E. albens*. Dense *Themeda* to 18in, with

sparse *Helichrysum* in places. No *scurra*.

5012. ~~Corryong~~ cemetery. Cleared from  
*sudgewa* (?)

E. blakebyi on gentle slope. Pale brown soil. Dense Themeda, with a very little sparse + patchy Helichrysum. Grass. Acrida  
No scurra.

5020 Corryong

3/4

5022 Corryong: depart westward.

025. Cemetery (ca. 1 mi. SW of town air line).

*Thalassidroma vittatum, Acrida conica, Kingaeria*

cleared from E. blakebyi + E. bridgesiana

<sup>scurra</sup> sav. woodlands. Themeda, with patches

of Helichrysum. Total area suitable for

scurra very small. Scurra both inside

+ outside fence. Gentle slope, pale brown

sandy loam.

026. Corryong.

036 Bringenbrong

040. Turned off to Kancoban.

044. Kancoban. Return.
